## NLP Qualifications - Clive Alcock.

---

Clive Alcock is the Founding Director of NLP Corporate, an expert consulting firm established in 2004, specialising in the provision of high quality applications of Neuro-Linguistic Programming (NLP) that can significantly improve your human and business performance – delivering results with integrity.

Clive has extensive training in NLP began in the mid 1980's and since that time has included studies with many of the world's leading trainers and service providers in the field. This, combined with over 20 years of senior level experience in change across large corporate enterprises, enables Clive to offer clients a range of highly effective, NLP-enabled consulting services and solutions.

Completion of bi-annual intensive programmes both in Australia and California, with Dr Stephen Gilligan, including Self- Relations and Ericksonian Hypnosis. (2000-2010)

Certified international Trainer of Neuro-Linguistic Programming, completed with Inspiritive, Sydney: Australia (2004). *See biography and details on NLPTRB web site.*

Completion of numerous short courses with Dr. John Grinder through Inspiritive; Sydney & Melbourne: Australia. (1996-2006).

Awarded Graduate Certificate in Neuro-Linguistic Programming (22133VIC), completed with Inspiritive; Sydney, Australia. (2004).

Certified Master Practitioner (III) with Grinder DeLozier & Associates; USC Campus, California. (1989); Completion of Personal Evolution Seminar, Wyoming (1989).

Certified Practitioner and Master Practitioner (I & II) of NLP, completed with Grinder, DeLozier and Associates; Sydney, Australia. (1986-1988)

Completion of residential intensive trainings (I & II) in with Phil Boas; Melbourne, Australia. (1984-1985). *NB The only "classic code" NLP training undertaken.*

Clive's impressive credentials in Neuro-Linguistic Programming (NLP) New Code are further underpinned by a range of relevant academic qualifications in Change Management, B.A. in Psychology, Adult Education (Training) and Human Resource Management.
